

**2005  
Wednesday Night  
Biking-Without-Bikes (BWOB) Rides**

---

Welcome to yet another season (our 8th) of great biking-without-bikes among the back bars of Dane County. Rides will be between 20 and 200 minutes in length and will have short and long options so that riders of differing abilities can participate. Locations have been designed for minimum stress and maximum beer selection. None are hilly and most are silly. Remember, this is a “drinking club with a biking problem.”

You ask: What is Biking-Without-Bikes?

Several years ago, several Wednesday Night bikers were lamenting the end of the outdoor biking season and, with it, the missed social gatherings which invariably accompanied the Wednesday Night rides. Bing! The light bulb was lit. Why not skip the bike ride during the cold weather months and go directly to the bar. Hence, Wednesday Night “Biking-Without-Bikes (BWOB)” was born.

The format is simple. The ride leader selects the venue and (hopefully) warns the proprietor that we will be congregating at his/her establishment. Feel free to invite your biking and non-biking friends. This is a great way to introduce your friends to biking.

<b>Date</b>	<b>Time</b>	<b>Location</b>	<b>Leader</b>	<b>E-mail</b>
